

# Labeling People

---

In the first column, list ten people you know. In the second column, put a label next to each person's name. In the third column, write something about that person that doesn't fit their label. Discussion question: Why do you think it's not a good idea to label people?

## Labels Chart

|    | Person | Label | How This Label Doesn't Fit |
|----|--------|-------|----------------------------|
| 1  |        |       |                            |
| 2  |        |       |                            |
| 3  |        |       |                            |
| 4  |        |       |                            |
| 5  |        |       |                            |
| 6  |        |       |                            |
| 7  |        |       |                            |
| 8  |        |       |                            |
| 9  |        |       |                            |
| 10 |        |       |                            |
