

## What Makes a Friend?

Do you ever think about how many friends you have? Some kids say they have lots of friends and other kids say they just have one best friend. But what really is a friend? A friend is someone you like to be with and who likes to be with you.

Friends also like to do certain things together. Can you find six things that friends like to do together in the jumbled letters below? Circle all the words that you can find. Go up, down, sideways, and diagonal to find all six words.
